Institutions before Competent Authorities in India**

Respected Members of the Board,

We write to formally inform you that pursuant to your instructions and under the authority vested in us by you, we have filed a detailed and comprehensive complaint dated **19-07-2025** regarding the serious instances of **child abuse and systemic violations of child rights within ISKCON-run Gurukuls, Ashrams, Temples, and affiliated institutions in India.**

The complaint has been submitted on behalf of the Justice for Srila Prabhupada Foundation to the competent authorities including law enforcement agencies

The complaint spans over 850 pages along with multiple annexures, comprising:

- Child Protection Office (CPO) reports of ISKCON;
- Survivor statements;
- Statements of Child Rights Activists;
- Psychological expert assessments;
- Documentary evidence corroborating sexual, physical, and psychological abuse within ISKCON premises;
- Documentary proof of systemic cover-up by ISKCON's Governing Body Commission (GBC) and senior leaders;
- Specific violations of POCSO Act, Juvenile Justice Act, IPC, and applicable child protection statutes.

We have sought criminal prosecution of the offenders, dismantling of the institutional cover-up machinery, audit of the institutions of the ISKCON and a rehabilitative framework for victims funded by ISKCON amongst other reliefs.

We remain committed to pursuing this matter in accordance with the law and are prepared to initiate further legal proceedings, should the authorities fail to take timely and effective action.

We will keep you regularly informed of all subsequent developments and responses from the concerned authorities as soon as received.

Yours sincerely,
